Air Tech LLC

10/17/23

To whom it may concern,

Please accept this letter as a strong endorsement of the Home Energy Rebates energy efficiency program from the contractor's perspective.

I am the owner of Air Tech LLC and have been providing energy efficiency services for about 2 years.

The Home Energy Rebates program would have a dramatic, positive impact on my business. The magnitude of these federal funds would allow many more households to utilize my services at no additional cost to ratepayers.

I am concerned that a delayed implementation of the Home Energy Rebates program in Louisiana could prevent my business from scaling rapidly, forcing me to grow in other states that do implement the program quickly.

I am proud to be helping households save money on their utility bills and am eager for the opportunity presented by this program to make a larger impact in my community. I urge you to support implementation of Home Energy Rebates as quickly as possible.

Thanks for you consideration!

Kind regards,

Cody Trisler
