b. All of the Company's LMR-DR resources are registered with MISO under a "Firm Service Level" designation, meaning when called upon, the Customer must reduce load below a designated amount of Firm Load. To the extent an LMR Customer is already operating at or below their designated "Firm Service Level" during an LMR curtailment period, that Customer will have no availability or obligation to curtail below their Firm Service Level. Customers 7 and 8 in the prior table fell into this category. Customers 1 and 2 listed in the above table did not curtail due to reported operational concerns at their facilities.
