Appendix A: Resumes of Professionals Assigned to RFP 17-08

A. EXECUTIVE SUMMARY

United Professionals Company ("UPC"), a member of the Sisung Group, is pleased to submit its response to the Louisiana Public Service Commission's ("LPSC" or "Commission") Request for Proposals 17-08 for an outside independent technical consultant ("RFP"). We hope to have the opportunity to serve the Commission on *Docket No. TBD In Re: Entergy Louisiana, LLC's upcoming request to extend with modifications it's Formula Rate Plan* (hereinafter, "this Docket") by assisting the Commission in its review of the request filed by Entergy Louisiana, LLC ("ELL" or "the Company").

UPC is a New Orleans, Louisiana-based financial advisory and consulting company. As a Louisiana-based firm, with the majority of our staff and clients in Louisiana, our awareness of the importance of the issues present in this Docket cannot be overstated. For this reason, UPC has built a team of accounting, regulatory, utility finance, and economics professionals, the members of which were specifically selected for their ability to serve the needs of the LPSC Staff. The UPC consultants who would assist the Commission and Commission Staff on this Docket served the LPSC in Staff's review of ELL's and EGSL's last rate cases, filed February 15, 2013. The black box settlements entered into by the Companies and Staff in their prior rate cases reduced ELL's requested rate increase of one hundred and forty-four million dollars (\$144,000,000) to ten million dollars (\$10,000,000), and completely eliminated EGSL's requested rate increase of twenty-eight million dollars (\$28,000,000) such that there was no rate increase. UPC also served the Commission Staff in its review of ELL's current FRP, which was approved in conjunction with the Entergy Business Combination in Order No. U-33244-A, dated September 14, 2015, as well as each of the annual reviews of ELL's formula rate plan filings in test years 2014-2016. UPC presently represents the Commission as its MISO advisor. We are fully prepared to leverage this knowledge and experience in assisting Commission Staff in drafting and responding to discovery, preparing direct and cross-answering testimony, reviewing and analyzing stipulation terms, testifying before an administrative law judge, and conducting informal meetings with the parties as necessary.

UPC appreciates this opportunity to respond to the Commission's RFP. Our professionals are excited about the opportunity to serve the Commission and Commission Staff as an independent technical consultant. Collectively, the combination of our team members' educational backgrounds, achievements, specific expertise, and practical experience serving the Commission best positions us to provide the LPSC with the most extensive and comprehensive service in this Docket. For more information on our knowledge and experience, please contact the client references that we have provided.

Very truly yours,

R. Lane Sisung
Managing Director

B. RESUME QUALIFICATIONS AND EXPERIENCE

1. The Sisung Group

UPC is a member of the New Orleans, Louisiana-based Sisung Group, which is comprised of related companies that provide investment banking, asset management, venture capital and business consulting and development services to corporations, individuals, institutions and governmental agencies.

- **United Professionals Company (“UPC”)** offers financial consulting, transaction structuring, business development, real estate development, and revenue and cash flow development services to clients operating in the public, private and non-profit sectors. UPC specializes in the areas of public utility financial and accounting analysis, mergers and acquisitions consulting, healthcare revenue maximization, public infrastructure and facilities development, energy efficiency and project management services.
- **Sisung Securities Corporation (“SSC”)** is a full-service investment banking firm that offers a range of services, including equity and fixed income underwritings, financial advisory services and securities brokerage services in addition to other related financial services. Clients served include public, corporate, retail and institutional entities. SSC is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA), the Municipal Securities Rulemaking Board (MSRB) and the Securities Investor Protection Corporation (SIPC).
- **Sisung Investment Management Services (“SIMS”)** provides investment advisory services to corporate and public institutions, as well as to high net worth individuals. SIMS is an investment advisor registered with the Securities and Exchange Commission (SEC).
- **Sisung Capital** provides alternative financing products to small and medium-sized businesses, thus positively impacting economic development in the communities in which it invests. Sisung Capital invests capital and resources in companies in need of funding for growth and profitability. As a licensed Louisiana Capital Company (“CAPCO”) and Business and Industrial Development Corporation (“BIDCO”), Sisung Capital has primarily focused its investments in Louisiana. By leveraging state tax credit incentive programs, Sisung Capital has assisted start-up and expanding Louisiana businesses in raising and investing over \$25 million dollars in communities statewide. Sisung Capital has worked with companies operating in a wide variety of industries including: telecommunications, print manufacturing, construction, weatherization services, oil & gas, healthcare, media and government services sectors.

Unlike most financial firms which focus solely on financial matters, UPC and its affiliated Sisung Group companies have extensive experience in a broad range of financially related areas involving state and local governments. Some of the Sisung Group's unique accomplishments include:

- Serving the Commission as an independent outside consultant on *Docket No. U-33510 Entergy Gulf States Louisiana, LLC's Upcoming Filing Regarding Acquisition of two power blocks located at Union Power Station.*
- Serving the Commission through assisting Commission Staff in participating in and monitoring the Midcontinent Independent System Operator, Inc., Organization of MISO States, and Entergy Regional State Committee related matters.
- Serving as an Outside Technical Consultant in *Docket No. R-26968-LPSC, ex parte, In re: Review of the General Order Dated March 12, 1999* by assisting the Commission in the establishment of a clear definition of "pole attachment," and therein clarifying the pedestal issue, clearly defining spacing/measurements of attachments on poles, and evaluating whether the existing pole attachment rental rate formula and rate freeze imposed by the General Order dated March 12, 1999 should continue to remain in effect, and, if not, developing an alternate methodology and verifying a new formula for pole attachment rental rates.
- Serving the Commission on *Docket No. R-32975-LPSC, ex parte, In re: Examination of long-term natural gas hedging proposals*, by assisting in: determining whether it is in the public interest for LPSC-jurisdictional investor owned utilities to accept long-term (five, seven, ten and fifteen year), fixed-price hedging proposals for natural gas supply contracts, and if so, determining and/or developing an appropriate methodology for expedited, streamlined Commission approval of such contracts.

- Serving as an independent outside consultant to the Commission in *Docket No. U-33848, Cleco Power LLC, ex parte. In re: Formula Rate Plan-June 2015 Monitoring Report.*
- Serving as an independent outside consultant to the Commission in *Docket No. U-33434, Joint Application of Cleco Power, LLC and Cleco Partners, L.P. for: (I) Authorization for the Change of Ownership and Control of Cleco Power, LLC and (II) Expedited Treatment.*
- Serving the Commission on *Docket No. U-33974 Entergy Gulf States Utilities, L.L.C. ex parte. In re: 2015 Rate Stabilization Plan Filing*, by assisting Staff in reviewing EGSL's Gas Rate Stabilization Plan Filing.
- Serving the Commission on *Docket No. U-33925, Atmos Energy Corporation, ex parte. In re: 2015 Rate Stabilization Clause filing for Trans Louisiana Gas Rate Division*, by assisting Staff in reviewing Atmos's Gas Rate Stabilization Clause Filing for the Trans Louisiana Rate Division.
- Serving the LPSC on LPSC, *ex parte, In re: Investigation of the retail load assignment between Entergy Gulf States Louisiana, LLC, Vinton Public Power Authority and San Rayburn Municipal Power Agency and certain interstate contract electric power supply agreement* by assisting Commission Staff in the further investigation of the issues contemplated in the above captioned investigation, as well as a determination as to whether the current (or prior) arrangement(s) have an impact on Louisiana-jurisdictional ratepayers.
- Serving as an independent technical consultant in *Docket No. I-33013, Southwestern Electric Power Company, ex parte. In re: 2013 Integrated Resource Planning process for SWEPCO pursuant to General Order dated April 20, 2012*, by assisting the LPSC in reviewing and evaluating the Company's integrated resource plan filings, including comprehensive sets of potential resource options, supply-side, demand-side and economic transmission resource options, to determine a base or "reference resource" plan that offers the most economic and reliable combination of resources satisfying the forecasted load requirements.
- Serving as an independent technical consultant in *Docket U-33244 Entergy Louisiana, LLC ("ELL") and Entergy Gulf States Louisiana, LLC ("EGSL"), ex parte, In re: Submission of Business Combination Study regarding potential business combination ("Entergy Business Combination Docket")*.
- Serving the Commission on *Docket No. U-33983 In Re: Docket No. U-33983 Review of Entergy Louisiana, LLC's Motion for Extension of gas Rate Stabilization Plan* by assisting the Commission's Legal Staff ("Staff") by conducting a review of Entergy Louisiana, LLC's Motion for Extension of Gas Rate Stabilization Plan, and assisting with the review of Annual Evaluation Reports for each of the three proposed test years.

- Serving the Commission as an independent outside consultant on *Docket No. U-33605 Joint Application of Entergy Gulf States Louisiana, L.L.C. and Entergy Louisiana, LLC. for Certification of the Louisiana Economic Transmission Project in Accordance with Louisiana Public Service Commission General Order dated October 10, 2013 in Docket No. R-26018.*
- Serving the Commission as an independent outside consultant on *Docket No. U-33645 Application of Entergy Gulf States Louisiana, L.L.C. for Certification of the Lake Charles Transmission Project in Accordance with Louisiana Public Service Commission General Order dated October 10, 2013 in Docket No. R-26018.*
- Providing written and live testimony before the Commission to address and advise the Commission regarding the securitization bonds issued by Entergy Louisiana Investment Recovery Funding I, L.L.C., the designated special purpose entity created by ELL for recovery of the costs related to the Little Gypsy 3 repowering project, and the Commission's issuance of a financing order issued under Louisiana's 2010 enabling legislation, as codified in LA. R.S. 45:1251-1216 (“Entergy Little Gypsy Securitization Docket”).
- Acting as outside consultant to the Commission in reviewing issues related to the evaluation of the proposed transfer of transmission assets in *DOCKET NO. U-32538- Entergy Louisiana, LLC, Entergy Gulf States Louisiana, LLC, Mid South TransCo LLC, Transmission Company Louisiana I, LLC, Transmission Company Louisiana II, LLC, ITC Holdings Corp. and ITC Midsouth LLC, ex parte. 2. United Professionals Company

UPC, which manages the Sisung Group's non-regulated financial advisory and consulting activities, provides clients operating in the public, private and non-profit sectors with a broad range of services from its offices in New Orleans, Covington, and Baton Rouge. These services include, but are not limited to: financial analysis, transaction structuring, business plan development, real estate development, and revenue maximization. UPC's public sector clients include state governments, parish and county governments, cities, towns, state utility regulatory authorities, school districts, hospitals, levee districts, housing authorities, universities, port authorities, law enforcement districts, charter schools and more.

UPC and its affiliated Sisung Group companies are multifaceted and have extensive experience in a broad range of financially-related areas involving state and local government throughout Louisiana. UPC's dedicated and accomplished staff includes previously high-ranking government and financial institution officials with extensive management and financial experience, in addition to:

- Investment Bankers
- Securities Traders
- Financial Analysts
- Attorneys
- Certified Public Accountants
- Regulatory Economists
- Published Academics
- Former Public Administrators

Our professionals are highly educated, experienced, and published in multidisciplinary areas including:

- Financial Analysis
- Program Design
- Government Relations
- Legislative Advocacy
- Policy Initiatives
- Financing Transactions
- Legal and Regulatory Budgeting, Planning, and Administration

Successfully utilizing the strengths, talents and expertise of our seasoned professionals, we are able to provide customized, quality service to our clients. Our professionals have represented local, state and federal issuing authorities, cities, parish and county governments, hospital districts, 501(c)(3) corporations, state agencies, state governments and commissions, and corporations.

As a specialty branch of these financial advisory and consulting services, UPC has built a team of accounting, regulatory, utility finance and economics professionals, the members of which were specifically selected for their ability to serve the needs of the LPSC. Our staff of professionals and consultants is experienced in the presentation of recommendations involving public utility regulation, or other regulatory issues on administrative and judicial levels. We have an extensive amount of experience and success before the Commission and various other regulatory agencies, including FERC. Our consultants have an in-depth knowledge of Louisiana Public Service Commission, and its unique jurisdictional issues, as well as specific knowledge with regards to:

- Appropriate accounting standards and practices for electric public utilities, public utility accounting, and generally accepted auditing standards;
- The appropriate ratemaking adjustments to be made to the utility's accounting records;
- The determination and calculation of the appropriate rate base of a utility plant investment dedicated to providing service;
- Traditional cost-of-service and cost allocation methodologies supporting the revenue requirements among classes of customers;
- The cost allocation methodologies for the allocation of investment and expenses between affiliates, including the relationship of the holding company to its subsidiary operating companies, the transfer of investment and costs between operating companies, and the provision of services between affiliates;
- Cost of capital, including capital structure, cost of debt, cost of equity and rates of return;
- Just and reasonable costs and prudent investments associated with providing reliable and quality service as recommended by NARUC;
- Depreciation and taxation; and
- A detailed understanding of electric utility regulation.

Our team of consultants is also experienced in participating in cases involving public utility regulation, or other regulatory issues on administrative and judicial levels, including the presentation of direct testimony or report and recommendations, assisting in developing cross examination of adverse witnesses, and the analysis of comments and exceptions to proposed recommendations. Our experience serving the LPSC in prior dockets has left our professionals fully prepared to assist in-house Staff counsel as well as outside counsel in:

- Drafting and responding to discovery,
- Preparing direct and cross-answering testimony,
- Reviewing and analyzing stipulation terms,
- Testifying before an administrative law judge, and
- Conducting informal meetings with the parties as necessary.

We are qualified and prepared to review all documentation submitted by any party to the proceeding on any and all issues that are likely to arise in the proceeding. All members of our team have been handpicked for their ability to formulate issues and ultimate recommendations in this Docket.

The resumes of our highly-qualified staff of professionals and expert consultants who would be assigned to assist the Commission, as well as the functions that would be performed by each, are detailed in *Appendixes A*. We have included a full resume for each staff member and consultant who will be assigned to work on this Docket, including names, positions, education, and professional experience.

C. PLAN OF ACTION

1. Methodology

The UPC plan of action uses a collaborative, standardized methodology that ensures efficiency, effectiveness, and proper controls. This methodology leverages our team's in-depth understanding of Commission and state of Louisiana law and regulatory precedent, the regulatory process, and our specially-selected consultants' prior experience with ELL-related issues.

2. Approach

In its FRP renewal filing, ELL is seeking the following nonexclusive list of modifications:

1. A request to implement a reset of FRP revenues resulting from the 2017 Evaluation Period to a level sufficient to produce ELL's authorized return of equity of 9.95%;
2. A request to narrow the 160 basis points earnings deadband for the full term of the FRP;
3. A request to extend and modify the MISO Cost Recovery Mechanism "MCRM") to, among other things, (i) incorporate recovery of incremental capital investment associated with MISO Transmission Expansion Plans, Critical Infrastructure Protection projects and Commission Regulatory Expense incurred for oversight of MISO activities; and (ii) change the manner in which the MCRM amounts are allocated among the rate classes, i.e., MCRM would be allocated as a percentage of base revenue rather than using the Transmission High Voltage Demand Factor;
4. A request to include a provision in the FRP that would establish a framework for addressing potential changes in federal and/or state corporate tax rates.

The Company intends to seek timely treatment of its request and stated its understanding that it has the option of filing a rate case if it is unable to obtain Commission approval of an FRP extension on a timely basis.

If UPC is selected as the Commission's qualified technical consultant, our team of consultants would actively work to ensure that the Commission and Staff are provided with any and all resources necessary to complete the scope of representation. Detailed below is an outline of UPC's proposed approach for assisting the Commission Staff in the review of the Company's application. UPC fully understands, however, that if chosen, the Commission and its Staff shall determine how the tasks will be carried out.

3. Scheduling Outline

The Commission's RFP estimates that a four (4) through six (6) month period will be necessary to complete the scope of representation in this Docket ("Period of Representation"). As such, and in keeping with the Commission's wishes, the plan of action and scheduling outline below is broken

out into separate phases set to conclude within the six (6) month period of representation suggested by the Commission in RFP 17-08.

- During this six (6) month Period of Representation, UPC experts would:
 - Review the filings, accompanying work papers, and Entergy's financial data
 - Draft and assist in the drafting of data requests
 - Request clarification and additional supporting data
 - Track the status of responses to data requests
 - Analyze data responses
 - Prepare any technical analysis as required by Staff
 - Participate in informal conference calls, meetings, and conferences with the Commission and its Staff
 - Participate in formal status conferences, pre-trial conferences, depositions, hearings, and public meetings before the Commission
 - Draft and prepare memoranda and/or pre-filed testimony in support of Staff's ultimate recommendations, together with exhibits supporting the memoranda and or pre-filed testimony
 - Assist in the drafting of applicable motions, exceptions, briefing sheets, and orders of the Commission as may be necessary
 - Attend any Business and Executive Sessions that the Staff deems necessary
- Staff and Intervenor Reports would then be filed, reflecting the results of its analysis and its recommendations
- Final Report would be issued that includes all unresolved issues
- Company and/or Intervenor Protests Filed, if any
- Business and Executive Session where, if no protests filed by the Company or Intervenor, the Commission would consider all recommendations contained in the Staff Report

In performing the above, we would leverage our team's expertise in public utilities law, finance analysis, and regulatory economics, as well as our in-depth knowledge of Louisiana public utilities throughout the entirety of this process, placing it at the disposal of those involved. If UPC is selected as the Commission's Outside Contract Regulatory Consultant, our professionals would actively work to ensure that the Commission and Staff are provided with any and all resources necessary to complete the scope of representation.

4. Workload Management and Distribution

R. Lane Sisung and Paul T. Chastant, III will serve as contacts to LPSC, with Mr. Sisung serving as the primary contact. Mr. Sisung and the team will remain in constant contact with Commissioners, Commission Staff, and intervening parties regarding any and all material matters so as to together provide seamless coverage for the LPSC. Together we will work with Commissioners, Commission Staff and intervening parties to assess needs, determine deliverables and timelines, coordinate our firm's resources, and schedule meetings with the LPSC and other parties to provide analysis and advice.

UPC's staff utilizes a collaborative and fluid team approach. Mr. Sisung will draw upon our individual team members' expertise as needed for understanding and edification of individual issues. All of this resource coordination will take place seamlessly to the Commission.

5. Action Plan Conclusion

UPC has included this preliminary work plan as reference for discussion with the Commission to demonstrate that we have identified the major tasks needed to successfully complete the work necessary in this Docket. This preliminary work plan will form the basis of the detailed work plan that will be agreed upon with Commission Staff and used to perform this assignment.

UPC understands that if selected, as stated in this RFP, it would be expected to work closely with in-house Staff who has oversight over the work to be performed by UPC and will determine how the tasks will be completed. We believe that our process ensures that the work products and deliverables will exceed the quality standards that the LPSC expects from the qualified technical consultant awarded this Docket.

D. COST PROPOSAL

UPC is pleased to submit the following price proposal to the Commission for consideration.

We estimate that the total cost of labor for the completion of this Docket would not exceed \$60,000 *for the six (6) month maximum* Period of Representation. Our rates per hour vary per consultant from \$150.00/hour to \$400.00/hour.

Our labor estimate is based on the maximum estimated costs necessary to provide the Commission with the services of a dedicated team of accounting, finance and regulatory professionals, for the six (6) month maximum Period of Representation.

The assigned staff and consultants includes and a team of regulatory economic consultants and utility experts with prior experience in FAC matters and related engagements.

If this project were to take less consulting hours than the hours on which we have based our bid, our total cost would be reduced accordingly.

We estimate that the total expenses necessary for the completion of the project would not exceed \$5,000. These costs reflect our estimate of the travel and lodging costs of experts over a six (6) month maximum Period of Representation. UPC would request reimbursement for only those travel-related expenses that are actually incurred, in accordance with the Travel Policies and Procedures Memorandum issued by the state of Louisiana, Division of Administration in effect at the time such expenses are incurred (“Allowable Expenses”). Expenses would be separately disclosed with proof of such expenses attached. Any expenses that exceed the Allowable Expenses would be borne by UPC, unless otherwise specified by the Commission.

We estimate that the total cost of labor and expenses for the completion of would not exceed \$65,000 (\$60,000 of Labor + \$5,000 of Expenses).

UPC understands that Staff would be able to request, and UPC would be required to provide, billing information at any time upon Staff’s Request. Staff, working with UPC, would review all of the bills submitted for payment, including but not limited to conformity with the planning sessions and any amendments. UPC further understands that the Commission shall have the discretion to impose additional safeguards upon the potential bidders at the time such bids are put up for vote, and that it shall have the right to either accept such additional safeguards, or reject them and withdraw their bid. Further, at any time after UPC is selected and hired, the Staff and UPC may agree to further safeguards.

If selected, UPC bills would be rendered in strict accordance with the Commission’s guidelines. UPC would only charge for actual hours of work performed and costs incurred. All UPC bills would be rendered monthly, and specifically identify and describe all work performed, the person performing such work, the hourly rate, the time and charge for such work, and show the total amount billed to date, in accordance with the Commission’s guidelines found in August 4, 2014 General Order.

E. CONFLICTS OF INTEREST

G. CONCLUSION

UPC appreciates this opportunity to respond to the Commission's RFP to serve as the LPSC's independent technical consultant on *Docket No. TBD In Re: Entergy Louisiana, LLC's upcoming request to extend with modifications it's Formula Rate Plan* (hereinafter, "this Docket") by assisting the Commission in its review of the request filed by Entergy Louisiana, LLC ("ELL" or "the Company"). As detailed in the sections above, UPC and its affiliated Sisung Group companies are multifaceted and have extensive experience in a broad range of financially-related areas involving state and local governments. Because we are a Louisiana firm, all of whose employees are Louisiana residents, we take great pride in any and all work that we do that benefits the people of our state, and we believe this project provides just such an opportunity.

UPC is a New Orleans, Louisiana-based financial advisory and consulting company. As a Louisiana-based firm, with the majority of our staff and clients in Louisiana, our awareness of the importance of the issues present in this Docket cannot be overstated. For this reason, UPC has built a team of accounting, regulatory, utility finance, and economics professionals, the members of which were specifically selected for their ability to serve the needs of the LPSC Staff. The UPC consultants who would assist the Commission and Commission Staff on this Docket served the LPSC in Staff's review of ELL's and EGSL's last rate cases, filed February 15, 2013. The black box settlements entered into by the Companies and Staff in their prior rate cases reduced ELL's requested rate increase of one hundred and forty-four million dollars (\$144,000,000) to ten million dollars (\$10,000,000), and completely eliminated EGSL's requested rate increase of twenty-eight million dollars (\$28,000,000) such that there was no rate increase. UPC also served the Commission Staff in its review of ELL's current FRP, which was approved in conjunction with the Entergy Business Combination in Order No. U-33244-A, dated September 14, 2015, as well as each of the annual reviews of ELL's formula rate plan filings in test years 2014-2016. UPC presently represents the Commission as its MISO advisor. We are fully prepared to leverage this knowledge and experience in assisting Commission Staff in drafting and responding to discovery, preparing direct and cross-answering testimony, reviewing and analyzing stipulation terms, testifying before an administrative law judge, and conducting informal meetings with the parties as necessary.

Our professionals have a distinctive style that encourages personal service, excellence and integrity, while our local presence offers the LPSC the benefits of geographic proximity and a wealth of institutional knowledge. Indeed, our robust understanding of Louisiana's laws, regulations, procedures, organization, political environment and financial position, as well as our experience serving the Commission in its review of prior dockets would allow us to be immediately effective in this engagement by virtue of not having to overcome the learning curve that any other firm might encounter. We believe that the combination of our professionals' experience, our local Louisiana presence, our national expertise, and our proven track record of nearly thirty years of exceptional quality and integrity in our dealings offers the Commission an excellent choice for an independent technical consultant to assist in this Docket.
