Docket No. X-34852, Louisiana Public Service Commission, ex parte; In re: Audit of Purchase Gas Adjustment Filings for the gas distribution division of Entergy Louisiana, LLC for the period of January 2016 through December 2017.

The Louisiana Public Service Commission ("Commission" or "LPSC"), in accordance with the requirements of the LPSC's General Order dated November 10, 2014, regarding the selection of contract employees ("Contract Order") issues this Request for Proposals seeking an independent technical consultant to assist Commission Staff in the review and analysis of the gas distribution division of Entergy Louisiana, LLC Purchase Gas Adjustment ("PGA") filings for the period of January 2016 through December 2017. Consistent with the Commission's General Order dated March 24, 1999 ("PGA Order"), the Commission has issued notice of the commencement of a PGA Audit for the gas distribution division of Entergy Louisiana, LLC in the Commission's Official Bulletin dated June 1, 2018. Qualifying proposals are anticipated to be placed on the August 1, 2018 Business and Executive agenda for Commission consideration.

Bidders who submit proposals should demonstrate their familiarity with public utility audits in general, and specifically fuel or purchase gas audits, as well as any other experience in reviewing fuel or purchase gas reports of similar energy providers. All proposals shall be accompanied by a professional firm resume indicating the qualifications and experience necessary to meet the requirements of this RFP.

This request conforms with the directives of Louisiana Public Service Commission General Order dated November 10, 2014 which provides in pertinent part that "Contract attorneys and consultants shall be retained by the Commission only in those instances in which the Commission has determined that such is necessary for the Commission to fulfill its constitutional mandate, due either to insufficient available manpower within existing Commission staff, or the necessity of specific areas of expertise not represented within existing Commission staff."

I. Scope of Representation

The independent consultant retained by the Commission shall assist the Commission's Legal, Audit and Utilities Divisions in analyzing fuel purchases and usage by the gas distribution division of Entergy Louisiana, LLC from January 2016 through December 2017. In performing this duty, the consultant shall review PGA filings; draft data requests and review responses, accompanying work papers and the company's financial data; review historical data involving prior audits; participate in formal status conferences, pre-trial conferences, depositions, and hearings; prepare for filing audit memoranda and/or pre-filed testimony in support of Staff's ultimate recommendations, together with exhibits supporting the memoranda and/or pre-filed testimony; and assist in the drafting of applicable motions, exceptions, briefing sheets and orders of the Commission. Additionally, the consultant shall be available to participate in informal
conference calls, meetings and conferences with the Commission and its staff as well as attending any Business and Executive Sessions that the Staff deems necessary. The scope of the work shall continue through the conclusion of the docket through Commission vote, regardless of whether said vote is the result of a stipulated agreement or contested hearing recommendation.

The audit procedures, as outlined by the PGA Order, shall include but not be limited to:

a) An investigation into the purchased gas costs incurred by the utility during the designated review period for compliance with the requirements of the general order.

b) A review and analysis of the utility’s monthly comprehensive purchase gas adjustment schedules filed with the Louisiana Public Service Commission.

c) If applicable, the development and improvement of internal staff procedures to effectively monitor and evaluate a utility’s performance in areas impacting the gas costs which are reflected in the utility’s monthly purchase gas adjustment filings with the Commission.

d) A review of the utility’s price risk management guidelines pertaining to purchased gas (including policies regarding physical hedging, fixed price transactions, index transactions, fixed for floating price swaps, options to purchase, and other arrangements) to determine their propriety and a recommendation of modifications if appropriate;

e) A quantification of the adverse impact on ratepayers, if any, for each audit topic.

Consultant shall assist Commission Staff in reporting Staff’s findings in writing to the Commission, identifying any irregularities in the monthly purchase gas adjustment calculations assessed and applied to Louisiana consumer billing statements or which allowed for the recovery of unauthorized expenses by the utility. The report should also include a written or executive summary which identifies any cost included in the audit found to be non-compliant with the Commission’s applicable rules and regulations, a statement of appropriate disallowances, the reasons therefore, and a recommendation as to the appropriate methodology to be utilized by the Commission to provide for recovery and/or refund of those costs.

Upon completion of the Commission’s review, the Staff’s audit report shall be filed in the record of this proceeding and notice published in the Commission’s Official Bulletin for intervention and comment. If designated by the utility, specific information related to the purchase of fuel and/or purchase power cost which was filed with the Commission under proprietary cover shall remain confidential and for Commission use only.
II. Period of Representation

The time period estimated to complete this docket is estimated at approximately 12-18 months. This is merely an estimate and may vary greatly depending upon whether the matter is contested, and as such the Commission makes no representations as to the accurateness of the Period of Representation.
