C. COST PROPOSAL

UPC is pleased to submit the following price proposal to the Commission for consideration. We estimate that the total cost of labor for the completion of this Docket would not exceed $118,000. Our labor estimate is based upon the costs necessary to provide the Commission with the services of a dedicated team of finance professionals for the 18-month Period of Representation. Our standard hourly rates per hour vary per consultant from $60.00/hour to $400.00/hour, however, we have discounted our fees for the Commission such that they range from 60.00/ hour to $295.00 per hour.

We estimate that the total expenses necessary for the completion of this Docket would not exceed $2,000. These costs reflect our estimate of the travel and lodging costs of experts over an 18-month Period of Representation. Expenses would also be separately disclosed with proof of such expenses attached. UPC would request reimbursement for only those travel-related expenses that are actually incurred. Expenses, where applicable, would be billed in accordance with state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). Any expenses that exceed the Allowable Expenses would be borne by UPC, unless otherwise specified by the Commission. Further, billed expenses would not exceed twenty percent (20%) of the total amount of billed fees at any given time.

We propose a total budget for the cost of labor and expenses for the completion of the services requested for LPSC RFP 22-12 are not to exceed $120,000 ($118,000 of Labor + $2,000 of Expenses).

UPC understands that Staff would be able to request, and UPC would be required to provide, billing information at any time upon Staff’s Request. Staff, working with UPC, would review all of the bills submitted for payment, including but not limited to conformity with the planning sessions and any amendments. UPC further understands that the Commission shall have the discretion to impose additional safeguards upon the potential bidders at the time such bids are put up for vote, and that it shall have the right to either accept such additional safeguards, or reject them and withdraw their bid. Further, at any time after UPC is selected and hired, the Staff and UPC may agree to further safeguards.

If selected, UPC bills would be rendered in strict accordance with the Commission’s guidelines. UPC would only charge for actual hours of work performed and costs incurred. All UPC bills would be rendered monthly, and specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and show the total amount billed to date and the authorized original estimate, in accordance with the Commission’s August 4, 2004 General Order.
