RFP 22-18 Docket No. U-36350, Entergy Louisiana LLC, ex parte. In re: Application for recovery in rates of costs related to Hurricane Ida and related relief.

To all LPSC qualified consultants:

Enclosed please find a Request for Proposals (“RFP”) for an **outside securitization consultant** issued by the Louisiana Public Service Commission for the above referenced docket. If your firm is interested in submitting a proposal, please review the RFP carefully to determine whether your firm meets the specific requirements to qualify for this representation. All Proposals must include a showing that your firm possesses the requisite qualifications and experience to represent the Commission in this matter. Also, please note that all Proposals, including the original, plus (2) two copies and an electronic copy must be received on or before Monday, July 14, 2022 at 4:30p.m. Selection of consultants is anticipated to take place at the Commission’s July 2022 Business and Executive Session.

If you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'KB' with a flourish.

RFP 22-18
LOUISIANA PUBLIC SERVICE COMMISSION
REQUEST FOR PROPOSALS (“RFP”)
June 21, 2022

DOCKET NO. U-36350, Entergy Louisiana, LLC, ex parte. In re: Application for recovery in rates of costs related to Hurricane Ida and related relief.

The Louisiana Public Service Commission (“Commission” or “LPSC”), in accordance with the requirements of the LPSC General Order dated November 10, 2014 regarding the selection of contract employees (the “Contract Order”), issues this Request for Proposals (“RFP”) to **outside securitization consultants** who will assist Commission Staff in the review of Entergy Louisiana, LLC’s (“ELL” or “Company”) request for approval of costs incurred to restore its facilities following the damage of Hurricane Ida, as well as additional costs incurred to restore its facilities following the damage of Hurricanes Laura, Delta, and Zeta, and Winter Storm Uri.

Deviations from the requirements contained herein, or conditional bid amounts may result in rejection of the bid as non-conforming. Consideration of qualifying bids received in response to RFP 22-18 are anticipated to be on the Commission’s July 2022 Business and Executive Session.

I. Overview

On August 29, 2021, Hurricane Ida (a strong Category 4 Hurricane) made landfall in Southeast Louisiana with sustained winds of 150 miles per hour. Hurricane Ida’s unorthodox behavior resulted in unprecedented damage – far surpassing damage sustained from Hurricane Laura in 2020. The Company estimates approximately \$2.6 billion in restoration work, including carrying costs, through December 2022. Additionally, ELL is seeking approval of additional costs associated with Hurricanes Laura, Delta, and Zeta, and Winter Storm Uri in the amount of \$34.8 million, including carrying costs, through December 2022.

ELL filed its initial application on April 29, 2022, which was published in the Commission’s Official Bulletin dated May 13, 2022 for a 15-day intervention period and was docketed as Docket No. U-36350. ELL has also filed its First and Second Supplemental Applications, which will be published in the Commission’s Official Bulletin dated June 24, 2022 for an additional 15-day intervention.

As with past storms, ELL is requesting the Commission authorize the permanent financing of such recoverable storm costs and for ancillary matters pursuant to Act 293 of the 2021 Regular Louisiana Legislative Session, which amends Act 55.¹ Act 55 of the 2007 Regular Louisiana Legislative Session authorized the creation of the Louisiana Utilities Restoration Corporation (“LURC”) and a new financing structure to provide utilities access to low-cost capital through the

¹ <https://legis.la.gov/legis/ViewDocument.aspx?d=1235555>

issuance of system restoration bonds. This low-cost capital was a way to minimize costs charged to utility customers as a result of storm restoration. Act 293, among other things, amends Act 55 to authorize the LURC to create a special public trust to provide an alternative financing mechanism available to the LPSC with the LURC and the affected utility – here ELL – as the beneficiaries of the trust.

Applicants will be assisting Commission in-house Staff (Legal, Utilities, and Auditing Divisions), as well as previously retained outside counsel and an outside accounting consultant (hereinafter collectively “Staff”) in reviewing ELL’s request and providing a recommendation to the Commission.

II. Scope of Representation

In assisting Staff, Applicants will review the application (including the direct testimony of several witnesses and any supporting documentation to securitize any LPSC-approved costs); draft data requests and review responses thereto; potentially participate in informal meetings with Staff and ELL; assist in drafting a recommendation(s), including testimony, to the Commission, including any exhibits supporting the same; review and respond to any rebuttal testimony; assist in preparing any necessary direct and cross-answering testimony; assist in trial preparation, including cross-examination of witnesses and drafting pleadings and motions related thereto; and review and analyze potential stipulation terms. Applicants will evaluate the Companies’ compliance filings; and assisting in preparation of any orders, including financing orders.

Applicants will be responsible for advising the Commission and Staff in all aspects of approval, issuing and marketing of the bonds, including but not limited to, compliance with Louisiana securitization/financing requirements, non-bypassability requirements, true-up requirements, tariff design and implementation, confirmation that customers will experience savings relative to conventional methods of financing, confirmation that the structure, terms and the pricing of the bonds are consistent with the terms of the financing order, and advising on the timing, structure and pricing for issuance of the bonds to achieve the lowest ratepayer charges consistent with market conditions and the terms of the financing order. Applicants should be prepared to be involved in activities including, but not limited to, the marketing of the bonds, interaction with rating agencies, monitoring of issuance costs, review of bond documentation, and the structuring timing of issuance, and pricing of the bonds.

Additionally, the Applicant shall be available to participate in meetings, conference calls, status conferences, hearings, and other conferences with the Commission and Staff, as well as attending any Business and Executive Session(s) that Staff deems necessary. The scope of work provided herein shall continue through the conclusion of the docket through a Commission vote.

All proposals shall include an outline of a plan of action for conducting the review of the application, including the activities described above. The Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall be accompanied by a professional firm resume indicating the qualifications and experience necessary to meet the requirement of this RFP, including experience with securitization of costs and prior Commission storm recovery processes.

III. Period of Representation

The time period estimated to complete the Scope of Representation is approximately 6-9 months. This is merely an estimate and the Commission makes no representations as to the accuracy of the Period of Representation.

IV. Minimum Requirements

To qualify, all Applicants must have requisite knowledge of the topics listed below, in addition to those provided in Commission General Order dated November 10, 2014. Consideration will be given to factors which indicate degrees of competence such as the amount of practical experience in the field of public utility regulation, similar practice before this or other regulatory agencies, and knowledge of Louisiana ratemaking standards and regulatory law, in addition to the Applicant's knowledge and experience on utilization of securitization for cost recovery.

Applicants shall at a minimum be experienced in analyzing the operations, books, and records of utility companies, particularly investor-owned utilities, for the purpose of setting just and reasonable rates, including, but not limited to, calculation of rate base, rates of return, capital structure, formula rates, and all related studies and calculations and prior cost recovery filings with the LPSC.

Applicants shall be qualified and prepared to draft and render expert testimony and be cross-examined with respect to all of the issues addressed in this RFP and which are likely to arise in a securitization proceeding and be qualified and prepared to render testimony at a hearing and/or a B&E regarding the same and have knowledge of:

- (1) a detailed understanding of the major functional areas of a regulated investor-owned electric utility;
- (2) appropriate accounting standards and practices for electric public utilities, public utility accounting, and generally accepted auditing standards;
- (3) storm damage reserve accounting, utility depreciation and taxation issues, including utility taxation related to securitization;
- (4) the LPSC and FERC approved cost-of-service cost methodologies for electric utilities;
- (5) appropriate mechanisms, allocation among customer classes and rate design for securitization cost recovery;
- (6) securitization requirements and procedures and the ratemaking treatment of the benefits of securitization;

- (7) experience in providing advisory services to regulatory bodies participating or overseeing the sale of utility asset-backed securities.
- (8) the basic components and requirements of ELL's Formula Rate Plan, including cost of capital, including capital structure, cost of debt, cost of equity, and rates of return;
- (9) alternative sources of funds to offset hurricane damage costs such as insurance proceeds, governmental aid, and income tax benefits;
- (10) prior Commission Orders involving storm recovery and/or other securitized debt; and
- (11) the cost allocation methodologies for the allocation of investments and expenses among affiliates, including the relationship of the holding company to its subsidiary operating companies, the transfer of investment and costs between operating companies, and the provision of services among affiliates;

V. Estimate of Costs

Applicants shall provide an overview of the estimated costs in the summary of the bid proposal. All proposals shall include a total not-to-exceed budget, including fees and direct costs in order to provide the services described above. Applicants responding to this RFP shall quote their rates on an hourly basis, and shall separate professional fees from direct costs when submitting a total not-to-exceed budget.

Applicants shall only be allowed to charge for actual hours of work performed and costs incurred. Once selected, an Applicant's hourly rates and budget shall not be altered except by formal approval of the Commission.

VI. Conflict of Interest

Applicants shall prominently and separately disclose current, as well as past, employment which could possibly result in a conflict of interest. Potential conflicts could include, but are not to be limited to, employment with regulated utilities, affiliates of regulated utilities, consumer advocacy groups, or any other party that comes before the Commission. In addition, Applicants shall disclose matters in which they currently represent clients before the Commission.

VII. Billing Guidelines

As required by the November 10, 2014 General Order, all bills will be rendered monthly and shall specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and shall additionally show the total amount billed to date and the

authorized original estimate. Bills will be rendered in strict accordance with the Commission's guidelines. Expenses shall also be separately disclosed with proof of such expenses attached.

Expenses, where applicable, shall be reimbursed at state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). Any expenses that exceed the Allowable Expenses shall be borne by the contract employee and shall not be reimbursed by either the Commission, or the correspondent utility, unless otherwise specified by the Commission.

VIII. Reservation of Rights

The LPSC reserves the right to reject any and all proposals, to amend and/or supplement this RFP at any time, and to consider proposals or modifications thereof received at any time prior to LPSC vote at Open Session, if such action is found by the LPSC to be in the public interest. Pursuant to the General Order regarding the selection of contract employees, the LPSC has the right to accept any offer and does not have to accept the lowest bid amount. In addition, there is also no assurance, express or implied, that an award will necessarily be made pursuant to this RFP.

IX. Submission of Proposals

Interested parties should submit the **original (hard copy), 2 copies, and e-mail an electronic copy** of the proposal to:

Kathryn H. Bowman
Executive Counsel
Louisiana Public Service Commission
602 North Fifth Street (Galvez Building) (70802)
P.O. Box 91154
Baton Rouge, Louisiana 70821-9154
Phone: (225) 342-9888
Fax: (225) 342-5610
Email: kathryn.bowman@la.gov

To be considered, an original, two copies, and the electronic copy of the proposal must be received on or before **Thursday, July 14, 2022 by close of business. Selection of consultants is anticipated to take place at the Commission's July 2022 Business and Executive Session, which is currently scheduled for July 27, 2022.** Information concerning billing procedures and the Commission's RFP policy may be obtained from the address listed above, or by calling (225) 342-9888.
